Political Science: MAJOR Requirements for Secondary Teacher Certification

These requirements are for MAC students entering the program in summer 2013 or later and for undergrad students entering the program in fall 2012 or later.

Please Note: If Political Science is your second major (i.e. your first major is in another content area such as Mathematics) you will take EDUC 433 instead of EDUC 432 for a total of 31 credits.

Major/minor requirements are subject to change. All candidates are expected to consult with a School of Education advisor as they plan and progress through their program. In addition, candidates are responsible for checking with departments about possible prerequisites/co-requisites for non-education courses required by their major/minor.

Political science majors must complete a minimum of 33 credits (31 credits for second majors) including the following:
