French: MINOR Requirements for Secondary Teacher Certification

_These requirements are for students entering the program in summer 2008 or later._

Major/minor requirements are subject to change. All candidates are expected to consult with a School of Education advisor as they plan and progress through their program. In addition, candidates are responsible for checking with departments about possible prerequisites/co-requisites for non-Education courses required by their major/minor.

French minors must complete a minimum of 22 credits including the following:

| Various       | Electives: Grammar, Literature (300 level or above), Linguistics | 3       |            |

If your certification major is not a foreign language (e.g., Spanish), French 438, _Topics in Learning and Teaching French_, or Linguistics 350, _Perspectives on Second Language Learning and Second Language Instruction_, is strongly recommended.

Please note: Our goal in asking you to take literature, history and/or civilization courses representing a variety of authors and perspectives is an attempt to ensure that you have a well rounded and deep knowledge of the French speaking world.

Because courses change from semester to semester, it is not possible to provide you with a list of which courses fall into which category. We make our decisions about course approvals based on both the course title and especially the course reading list. For example, _French 270: French/ Francophone Literature and Culture: Paris in the 20th Century_ is clearly a course that falls into the category of Literature of France. Some classes are not so clearly defined, and
our world languages advisor, Dr. Coolican, is happy to work with you to determine which courses might work for you.
